PROBLEM TODAYNo Reply is Received to

Word Was Received.

Washington, Nov. 25.—The cabinet reached no decision today on the Mexican situation, according to Secretary Lansing who presided at the regular weekly meeting.

Both the case of William O. Jenkins, American consular agent at Puebla, and general conditions in the southern republic were discussed. Mr. Lansing said, but the cabinet had before it no more information than was available to the state department yesterday.

A reply to the American note demanding the release of Jenkins, who is confined in the Puebla penitentiary on charges in connection with his abduction by bandits, had been expected before the cabinet meeting, but apparently the state department has received no intimation as to when the reply would be forthcoming. Meetings so far as officials here have been advised, Jenkins continues to be held prisoner pending his trial, despite his weakened physical condition resulting from exposure while kept in the mountains by the bandits awaiting payment of the \$150,000 ransom.

Mexico's failure to make a prompt reply apparently has created an unfavorable impression in Washington. When it first took up the Jenkins case last week, the President's official family was without all the facts, but since that time much additional information has been received. Mr. Jenkins himself, and the American embassy in Mexico City.

Dispatches from Mexico stated that the government had decided to answer the note although the foreign office recommended that the reply be held up pending action in the case by the Mexican courts. A long dispatch was known to have been received at the Mexican embassy here Sunday and it was thought by officials that it was the reply to the American note.

From the latest reports to the state department Jenkins was still held in jail and was suffering from the illness he contracted while held by the bandits.

CANTON MAYOR GETS
HEARING BEFORE COX

Columbus, Nov. 25.—Charles E. Poorman, mayor of Canton, who was suspended by Governor Cox, October 27, for alleged failure to preserve order in connection with the steel strike in that city, today appeared before the governor seeking reinstatement.

He was represented by Attorney Frank E. Switzer, who presented affidavits and letters from prominent Canton business men urging the reinstatement of Mayor Poorman. Among such letters was one from Acting Mayor Schrantz, who was placed in charge by Governor Cox when Poorman was suspended. Schrantz stated that he had given up his business at a sacrifice and desired to be relieved of the office.

Governor Cox ordered that Mayor Poorman be given a formal hearing, and called upon the attorney general's office to examine him in a formal manner. E. E. Corn, special counsel in the attorney general's office conducted the examination on the part of the state and Poorman was cross-examined by Attorney Switzer, his counsel, who objected to the formal hearing.

Mayor Poorman said he had done what he could with a limited police force and intimated that he had been handicapped because of political opposition. He said he had suspended Chief of Police Charles N. Riblet for failure to enforce liquor laws and that the city solicitor had refused to represent him in this hearing. The chief was reinstated. He said Chief Riblet had not been as active in preserving order as he might have been.

Poorman said there had been no disorder in Canton since October 24, three days before he was suspended by the governor. Part of the disorder was blamed on private persons from Chief of Police Riblet, Ellis Darany, Sergeant of Police: S. A. Lingle, and Robert F. Patterson, captain of police in support of the mayor's contention. The hearing had been no disorder since October 24. Letters were also placed in the records recommending the reinstatement of Poorman.

TRAFFIC DELAYED BY
ASHTABULA WRECK

Ashtabula, Nov. 25.—Two men slightly injured, three engines badly damaged, seven cars derailed and smashed, a culvert partially burned and the line tied up for many hours were the results of a rear-end collision on the P. Y. and A. division of the Pennsylvania railroad here late last night. Among the wrecked engines is engine number 734, a small type, said to be one of the latest engines on the road. It is in the ditch with its drivers in the air.

The injured are: Lewis Olson, brakeman and James DeLaater, flagman, both of Conway, Pennsylvania. Both men are in the Ashtabula general hospital.

CARLISLE IN TEXAS.
San Antonio, Tex., Nov. 25.—A letter purporting to be from "Bill" Carlisle, Wyoming train bandit, written aboard a southbound train which passed through here Sunday was received by a local paper today. The writer said he was bound for Mexico City and "when you receive this I will be just across the silvery Rio Grande, or at least hope so." It was written on a train auditor's report blank and mailed aboard the train.

LOWER FIRE RATE

EXPERTS' SURVEYMotorized Fire Fighting

Water-Supply Pleases
Fire Underwriters Agents

City officials profess to see indications of a lower fire insurance rate in Newark as a result of the report to be filed early in the new year by engineers against water shortages.

Five inspectors who have just completed a survey of the fire hazard in Newark at the request of city authorities, are preparing recommendations which will be filed with the state soon after January 1, it is expected. Officials base their belief that the fire rate will be lowered on statements made by the inspectors, who include the complete equipment of the fire department, motorized and with made by the inspectors. Factors weigh the new south side station, the pumping station, the parallel 16-inch mains from the pumping station, and the reduction in the number of dilapidated or hazardous structures.

Mayor Acheron said Tuesday the inspectors appeared particularly well pleased with the motor equipment of the fire department. No comment was made to indicate any unfavorable recommendation would result from the removal of the fire telegraph system, since it was agreed that 90 per cent of the calls came by telephone, a more accurate method of indicating location than the old call box system.

SWISS LABOR ENVOY
THREATENS TO LEAVE

Washington, Nov. 25.—Labor delegates to the international labor conference threatened to withdraw today if their proposals continued to be met with a "hostile attitude." The threat was uttered by Conrad Ilg, of the Swiss delegation during the session of the conference at the Hotel de Ville in Paris. Chairman Charles Jules Carlier, of the Belgian delegation, ruled out consideration of wage guarantees, proposed by Gino Baldesi, Italian labor delegate.

PRISONERS ADMIT 250
CRIMES; POLICE ACTIVE

Chicago, Nov. 25.—Among the approximately 150 persons taken into custody as a result of the crime wave that swept Chicago over the past three days, in which holdups, automobile thefts and safe blowings followed in rapid succession, 16 men and a woman today were in city jail charged with implication in four murders, 100 saloon poolroom and street holdups and 150 house burglaries. Members of the band confessed to the more than 250 crimes, police asserted.

Reported robberies last night showed a falling off from the two previous nights.

Geneva, Monday, Nov. 24.—Telegrams received by the Serbian bureau at Berne from Belgrade, Zara and Spalato convey the impression that only prompt interference by the allies can prevent war over the Adriatic situation as the Jugo Slavs are said to have lost patience and to be ready to fight the Italians.

"We are astonished that the peace conference permits our people to endure constant Italian persecutions," says one Belgrade paper received here. "Our peaceful attitude is praiseworthy when we might think of D'Annunzio and his filibustering into the sea."

Another newspaper accuses Italy of desiring to blockade Jugo Slavia's exports and imports and thus "strangle her."

A third repeats recent reports that a reign of terror prevails in Zara, that everybody must wear a brassard inscribed "Italy or death," or be badly treated and the Slavs are afraid to leave their houses.

NEWS IS CONFIRMED.

Paris, Monday, Nov. 24.—Dispatches confirming reports from Geneva that the situation along the eastern shore of the Adriatic is critical are issued by the Jugo Slav bureau here. The bureau says the Jugo Slav government has asked its ministers at Paris, London and Washington to draw the attention of those governments to the dangerous situation arising from D'Annunzio's raids and those he is reported about to make.

NO ACTION RECOMMENDED.

Washington, Nov. 25.—No new instructions have been sent to Rear Admiral Andrews at Spalato regarding the attitude he is to take in the event of an effort by the D'Annunzio forces to expand their control over Dalmatian territory, Secretary Daniels said today. Under Secretary Frank L. Polk, of the state department, head of the American peace delegation at Paris, conferred yesterday in London with Rear Admiral Knapp, commanding all American naval forces in European waters, regarding the situation on the eastern shore of the Adriatic, where Admiral Andrews commands American ships assigned to the patrol of a part of the Dalmatian coast under an agreement reached in Paris.

Reports that D'Annunzio contemplated a raid on Spalato, the American naval base, led to the London conference, but Mr. Daniels indicated that the officials on the spot had not recommended any action in anticipation of such a raid.

Admiral Andrews has a fleet of 12 craft with a total personnel of 1,500 officers and men. His flagship is the second class cruiser Galveston, and in the fleet are the gunboat Sacramento, eight destroyers and two submarine chasers.

URGE WEST VIRGINIA
MINERS TO RETURN

Charleston, W. Va., Nov. 25.—Miners of Ward, Plymouth and Cannelton, in the Kanawha coal fields, today received messages from district union leaders urging them to reconsider their action of yesterday, when they walked out. Influence of radicals and delay in the Washington conference caused the men to renew the strike, according to union representatives, who declared they were making every endeavor to have the men go back to work.

Reports from other fields today were to the effect that operations in mines had increased and that conditions in northern fields of the state were steadily improving.

UNCLE SAM'S NEWEST SUPERDREADNOUGHT TO HAVE GUNS
AND CAKE MAKING MACHINERY OPERATED BY ELECTRICITY

The superdreadnaught California, the only ship of her kind ever to be constructed on the Pacific coast, was launched a few days ago at the Mare Island navy yard. The California is to cost \$15,000,000, and will carry twelve 14-inch guns. She will be electrically driven and operated. Her turbines of 28,000 horsepower are the principle units of the electric system. The guns will be fired by electricity, and her ventilation, laundering, printing, cake making and ice cream freezing will all be electrically operated.

Puts Enforcement
of Prohibition Up to Mu-
nicipal and State Offi-
cials.

Washington, Nov. 25.—Enforcement of constitutional prohibition will be placed squarely up to state and municipal authorities and the federal government machinery will not intervene unless obvious inefficiency on the part of local officials make such action necessary, the board of temperance of the Methodist Episcopal church was told here today by John P. Kramer, federal prohibition commissioner. It was Mr. Kramer's first pronouncement of policy since he assumed office a week ago.

Mr. Kramer said the people of the country could be divided into two classes. "Heretofore the line of demarcation had been between those who favored the prohibition of liquor traffic and those who opposed it," he said. "From now on the line of demarcation will be between those who are in favor of obeying the law, whether their personal views are in harmony with the law or not, and those who will be ready and anxious to violate the law."

Describing the machinery being set up for the enforcement of prohibition laws, Mr. Kramer said the first step would be with the various state inspectors. "They will keep themselves informed as to conditions in their states," he said, "and will report to the state director who will investigate and report to the district federal agent, who will use his forces to investigate and arrest if evidence warrants. One of the chief duties of the state federal agent will be to enlist the aid of all state officers. He will also endeavor to secure the backing and support of all civic, moral and religious bodies."

SAYS STEEL STRIKERS
MAINTAIN STRENGTH

Pittsburgh, Nov. 25.—Defections among steel strikers of the nation has been exceedingly few and the forces working in steel mills are mostly "inexperienced men," said John Fitzpatrick, chairman of the national steel strike committee in a statement made public here today.

"Steel mills are producing better than 10 to 20 per cent of normal," said Mr. Fitzpatrick. He added that the national committee was prepared to continue the fight with renewed courage "until the strike is settled by the granting of human American standards of hours and wages."

Allegations of union leaders that negro labor was being used in mills to replace strikers and that Youngstown city officials intended to prohibit strike meetings, resulted today in activity of two union committees. The committee handling the labor question planned to confer with Samuel Compers, while another committee prepared to place the Youngstown matter before Governor Cox, and the Ohio Federation of Labor.

NEGRO ROBBER BEATS UP
FAMILY WITH HAMMER

Hamilton, Nov. 25.—Mr. and Mrs. Peter Agnew and three children are in the Mercy hospital severely mutilated as the result, Agnew claims, of an unprovoked assault by a negro with a heavy hammer, who entered the family home late Monday night. Agnew, physicians say, will probably lose an eye. The wife was unconscious when found, a little daughter's finger was amputated, and two sons are less severely hurt. Three small tots of the family were taken to the children's home. Burglary was not attempted and the police are mystified over the attack Agnew says took place.

Failing to get a bid at even the minimum price of \$121,000 at the receiver's offer of sale Tuesday, the plant and property of the Jewett Car company, will be reappraised and offered for sale a third time, on December 22.

It is expected the minimum sale price at the next offering will be around \$75,000. As a basis of inviting offers, J. A. Chilote made a bid of \$80,000 Tuesday. The figure could not be accepted by Receiver William C. Miller because it was less than two-thirds of the original appraised value of \$121,000.

COURT WILL REVIEW
OLD LYNCHING CASE

Columbus, Nov. 25.—The supreme court of Ohio today decided to review a rather sensational lynching case coming from Sandusky county in which Receiver William C. Miller because it was less than two-thirds of the original appraised value of \$121,000.

In 1915 John Henry Wiley was found hanging in a tree near Pemberville. It was alleged that he had been lynched by a mob for the alleged crime of killing Eva Kimball, a relative of his wife. He was out on bond when he mysteriously disappeared and later was found hanging from a tree.

Mrs. Wiley brought suit against the county for recovery of \$5,000 damages under the anti-lynching law. The court refused to admit testimony tending to show that Wiley had been threatened by a mob, before the alleged lynching. The supreme court today permitted Mrs. Wiley to appeal from the decision of the Sandusky courts.

Launch Two Strikes and
Block Efforts to Hold
Trials.

New York, Nov. 25.—More than 68 radicals awaiting deportation hearings at Ellis Island, now being investigated by the house immigration committee, have instituted two strikes within 24 hours.

After having issued an ultimatum to the effect that they would not attend their hearings unless the wire screen which separated them from visitors was removed, they declined an invitation to march into the dining hall for breakfast this morning. The menu which the hunger strikers turned down consisted of prunes, oatmeal, bread with a substitute for butter and coffee.

It was impossible to predict when the trials could be resumed. Byron H. Uhl, acting commissioner of immigration, said he had discovered no method whereby he could identify the prisoners scheduled for hearing. While a congressional committee investigating the department of labor was attending the hearings yesterday, sudden adjournment was taken when one of the keepers sent to bring a prisoner from the enclosure, returned with the statement that the man would not answer his name and no one could identify him. The attorney representing the defendants was appealed to, but said he could be of no aid as he did not know his clients "by their faces."

The strikers sent Mr. Uhl an ultimatum saying that they would not answer to their names or attend trial until a wire screen behind which they were compelled to stand while receiving friends had been removed.

PHONE RATE INCREASE
MAY BE OPPOSED

Columbus, Nov. 25.—The state public utilities commission may fight the numerous telephone rate increases which have been filed by various telephone companies over Ohio to take effect beginning December 1.

Officials of the commission today were endeavoring to ascertain just what action the state could take to keep the advanced rates from going into effect.

It was pointed out that the Burleson rates, instituted by the government during the war will become absolute on December 1, the date when the new rates go into effect.

Higher rates schedules have been filed by telephone companies at Columbus, Xenia, Pomeroy, Akron and Sandusky.

KING'S FRIENDS PLOT
AGAINST VENIZELOS

Athens, Monday, Nov. 24.—Plotters arrested following discovery of a conspiracy to assassinate Premier Venizelos, overthrow the present regime and re-establish King Constantine on the throne have made full confessions, according to the authorities. They were said to be former officers under King Constantine. They will be tried before court's martial.

FRENCH REFUGEES RETURN.

Washington, Nov. 25.—Of the pre-war population of 5,230,000 in the devastated regions of France, four-fifths have returned to their former homes, according to a report issued by the American Red Cross in Paris. French authorities expect a return of the majority of the others within the next few months.

ITALY'S COAL SUPPLY LOW.

Rome, Monday, Nov. 24.—Italy's supply of coal which will be scarcely 700,000 in November, will be even less in December owing to the recent strike of bituminous miners of America.

Sincerity of New Gov-
ernment, He Says.

Paris, Nov. 25.—Surprise at the departure of Dr. Simson, head of the plenipotentiaries sent by Germany to this city in connection with the armistice protocol, was expressed in a note delivered to Kurt von Lersner, head of the German delegation at Versailles by the supreme council last night.

If the treaty of Versailles is not put into force by December 1 the note adds, the responsibility will lie with the German government. As the departure of Dr. Simson inevitably delays further conference which must be held Dr. von Lersner is asked to state what are the intentions of the German government.

It was learned today that von Lersner sent a letter to Secretary Dattata of the peace conference last Friday to the effect that the head of the plenipotentiaries had become convinced, after the consultations he had had in Paris that he must consult the German government regarding the protocol, especially as the national assembly would have to approve the decisions reached.

The von Lersner letter protested against the question of the repatriation of prisoners again being bound up with that of putting the treaty into effect, it being pointed out that the allied governments had previously separated these issues. If this promise of France was not kept, the letter declared, German public opinion would not have confidence in any further promise France might make. The letter in this connection drew attention to articles published in French papers on the surrender of war criminals.

Premier Clemenceau, as president of the peace conference, replied on Saturday saying that von Lersner's letter made him question if the treaty could be put into force on December 1, owing to the German government's action, although that government has known the contents of the protocol since Nov. 11.

The delay said M. Clemenceau would be regrettable, as it might raise doubts of the sincerity of Germany's intentions regarding the execution of the armistice conditions in the armistice and the peace treaty.

MORE PLANTS CLOSED
BY FUEL SHORTAGE

Chicago, Nov. 25.—Closing of additional manufacturing plants in the midwest, with others placed on a further curtailed fuel ration and lessening of production even in the mines which have waged a bitter battle against coal shortages since the miners walked out entered the situation, however, with consideration of the entire strike question by President Wilson's cabinet, with particular reference to the chief executive of the whole difficulty.

From none of the great production fields came an indication today that the miners had altered their disposition to await an agreement by the operators-miners conference at Washington. In Wyoming and Oklahoma, there was a prospect of production being resumed and in West Virginia where the greatest quality of fuel has been brought out since the strike started, state troops were ready to curb radicals who threatened to shoot miners returning to work and it was expected that the loss of production reported yesterday would soon be regained.

The Wyoming miners were to return today after a one-day strike and in Oklahoma Governor Frazier predicted mining operations would be started again on the state prison farm either today or tomorrow.

Indiana factories and public utilities were number of cars to greatly reduced basis, steps to conserve the short coal supply being more drastic than in the Chicago district, where many plants have closed.

A new crime that followed cutting off the street illumination in Chicago caused revocation of that order. Enough fuel for 25 days, if used only for necessities, remains in Chicago. It was stated in the Pittsburgh district also distribution of coal was on a limited basis.

An alleged shortage at the mines in West Virginia and Kentucky, which can not tell his name or give his place of residence, was found aboard an incoming Pennsylvania train from Chicago Monday night. The conductor discovered him alone in a coach at Hamilton. He is now at the children's home awaiting identification.

President Urges Members
To Discard Indifference
and Help Push Work
Here.

Criticizing the "let George do it" attitude of the members of the City Federation of Women's clubs, and deploring the lack of interest and lack of attendance, Mrs. Homer J. Davis, president of the City Federation urged an increase in dues to produce an increased interest.

"If you leave it to George you know George may be busy. You donate just ten cents and you purchase just ten cents worth of interest in the work. When the dues are collected we have the magnificent sum of \$400 with which to revolutionize the city. Make the fee \$1 and a lot of you will make a big effort to see how that dollar is being spent."

Mrs. Davis delivered this bit of advice at the annual fellowship dinner of the City Federation held in the dining room of the first Baptist church at 6 o'clock last evening.

A two course dinner was served to the women of the church and the tables were arranged with baskets of pink flowers and pink candles.

Mrs. B. R. Weld gave the blessing, and at the conclusion of the menu Mrs. Davis announced the program would be given in the auditorium of the church.

The first number was Mendelssohn's "How Lovely are the Messengers" by the sextet from the Women's Music club composed of Miss Bertha Doomey, Emily Hamilton, Mary Carl, Mrs. T. L. Evans, Mrs. H. F. Moninger and Mrs. A. E. Best.

Miss Doomey then sang "In the Morning" and with Mrs. H. F. Moninger sang a duet, "Passage Birds Farewell" by Mendelssohn.

Mrs. Harry Scott gave a short talk relative to the annual sale of Christmas seals to be used in the anti-tuberculosis campaign. The money secured is used in aiding those having the disease and to educate others. There were 150,000 deaths due to tuberculosis in the United States the past year 7000 of these being in Ohio. At the present time there are between 50,000 and 60,000 cases of the disease in Ohio.

Licking county's quota for the sale of stamps this year is 254,000. Eighty per cent of the sale proceeds are left in the county for work here, which is carried on by The King's Daughters. The seals will be sold at 10 cents in the various stores and business places and the Federation members were asked to aid in the sale.

Miss Davis of the National Board in the Y. W. C. A. was given the program to announce a proposed campaign by the association in February to secure funds for extended welfare work.

She outlined the work done by the Y. W. C. A. both in the United States and abroad during the war. Relating how the hostess house, and dormitories at camps and munition factories were inaugurated by the Y. W. C. A. as a part of the work done in France in a recreational way. Miss Davis asked for support of the campaign. It is proposed to continue the welfare and educational work in foreign countries especially in France.

Mrs. Davis then gave her report of the state meeting of the Federation recently held in Cleveland. The report was lengthy covering a crowded program at the Cleveland meeting. She gave the newly elected officers and reviewed the resolutions adopted at the meeting.

The resolutions included an assessment of 5 cents per capita for the loan scholarship fund, touched on supporting the bill for suffrage, prohibition amendments, requesting that a woman be placed on the board of censors for motion pictures, and urging congress to adopt the peace treaty and league of nations with interpretations explaining the position of the United States in the affairs of foreign countries, and other national and state questions.

Mrs. Davis told of the meeting of the presidents of all the federations in the United States. She outlined the addresses of the speakers who talked of music, literature, art, prohibition and who opposed the changes in the civil service laws.

She gave the experience as related by the two Ohio representatives of the Federation who served in France, and concluded her report with an address on Americanization which had closed the state meeting.

Attending the dinner and program were 223 club women of the city.

First Thing Is, Get to Work.

Right decisions increase the quality and volume of work done. It often happens that a fellow gets more to do than he knows how to get away with. Such situations make some people afraid and they can't do their best. At other times folks get confused and begin to worry about the outcome. Sometimes they just stop work and debate what to do next. It's a pure waste of time. To be sure you must use your head and do the best thing. If you are to make the most of life. But there's little gained by acting the "Shall I or shall I not" comedy. The thing to do is to decide what to do and do it. If you don't do the best thing first do it next. But above all things do something. The very fact that you are doing helps you think better and do more.

Turn the "kill-joys" out—the headache, biliousness, indigestion, the sick, sour stomach and misc-making gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by lax, liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight strengthens you out by morning. They work while you sleep.

SCOUT LEADERS HEAR TALKS ON CAMP LIFE

Lectures on campfire building and camp cooking, and on the scout bodies, were heard last night by more than a score of Boy Scout leaders members of the leaders training class developed by Scout Executive K. L. Brown, when the men spent the evening in Priest's cabin southeast of the city.

Rev. L. F. Franklin lectured on how to build a proper camp fire and on camp cooking. He drew from his wide experience in the Canadian woods where he has spent many summer vacations. He described the method of baking fish and game cooking in clay.

Clarence Jones drew on his experience in the navy to give the scout leaders the rudiments of astronomy. He declared that a little study would enable the men to recognize the more important constellations in the heavens. This lecture was given in the open air, but most of the stars used in scout work were so near the horizon that they were obscured by the trees.

Before the lectures a supper of kraut and weiners with bread, butter and coffee was served. The scouts overlooked the fact that Brown's cooks were unable to get the potatoes done in time for supper.

Later a program of songs was carried out and short talks were given by men already in the work. Scoutmaster Dickerman of Troop No. 1, Granville was among those who enjoyed the meeting. It was voted that the scout leaders hold monthly meetings and a committee consisting of Frederick M. Black, J. F. Callender and F. A. Woolson was named to plan the next meeting and select the place for the campfire.

RECOMMENDS THIS REMEDY TO WOMEN IN NEED OF A TONIC

Torrington Resident Relates Her
Experience With Dr. Williams' Pink Pills

"If more women knew of the great benefits to be derived from treatment with the blood builder that helped me, I am sure there would be a great deal less suffering," says Mrs. William Kinch, of No. 121 Furston avenue, Torrington, Conn. "It is because of what Dr. Williams' Pink Pills did for me that I am anxious to recommend them."

"My health became so poor that I couldn't do my work. I was told that I was suffering from anemia but nothing seemed to reach the cause of my trouble. I suffered from sour stomach and nearly everything I ate disgusted me and I couldn't sleep well. I read about Dr. Williams' Pink Pills in a newspaper and procured a box. Almost from the very first the remedy helped me and I was encouraged to continue the treatment until my digestion was restored to normal. I can now eat a good meal with enjoyment. I have regained my strength, my nerves are stronger and I sleep well. It has been a long time since I have felt as well as I do now, and my housework is longer seems an impossible task."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y. Write today for the free booklet, "Building Up the Blood."

WILL NOT PRESS ALLIED NATIONS

America Will Not Require
Prompt Payment of Nine
Billions Sent Overseas
During War.

Washington, Nov. 25.—Interest payments on American loans to the allies may be deferred "until the war reaction passes" it was said today at the treasury.

Negotiations to this end are now being conducted at the request of the allies but officials explained that the latest advice from the treasury's representative at Paris did not indicate an early conclusion.

America's loans to its associates in the war aggregate \$9,647,000,000 and the interest rate averages 5 per cent. All of the obligations are in the form of short term notes, but it has been proposed by the allies that they be converted into long-term paper, which would fall due on dates corresponding to those on which American Liberty loans mature.

Officials say the American government was not seeking the new arrangement. They explained, however, that they felt that "a present chaotic condition in Europe" might be bettered if the interest payments were funded. Tentative plans would defer these payments from three to five years, which it was stated, "would allow European conditions to readjust themselves, to place the foreign governments reconstruction programs well underway."

Albert Rathbone, assistant secretary of the treasury, is representing the United States in the negotiations. Treasury officials said the only instruction given him was in rearranging a nagreement "the interest of whole world's financial structure" be given thorough consideration.

"Amen Corner."

The phrase "amen corner" is said to have originated in London, where, at the end of the Paternoster row, the monks at one time finished their recitation of the "Pater Noster" as they went to procession on Corpus Christi day at St. Paul Cathedral. They began in Paternoster row with the Lord's prayer in Latin, continuing it to the end of the street, and then said "amen" at the corner of the row. As used in this country the phrase describes the corner of a church where the elderly members sit and pronounce the word "amen" at intervals.

The Almighty Dollar.

Bribery has been the downfall of many public men during the course of history. Francis Bacon, the greatest thinker of his age, was ruined by his cupidity. Lord Chancellor Macclesfield and Waterbury were destroyed by the same vice. Benedict Arnold sold a fort in New York to the enemy for \$31,575. For this same sin Gergel betrayed Austria, Althopel forsook David and Judas delivered up Christ.

Agile Rhinoceros.

The rhinoceros, notwithstanding its unwieldy shape and short legs, is one of the most agile of beasts. A horseman can scarcely manage to overtake it, and in strength it is perhaps unsurpassed by any animal in the forest. In a single combat no animal but the elephant can stand up against it. To kill a rhinoceros a rifle must strike behind the shoulder.

French Peasants Good Pay.

The French peasant, steady going, thrifty and frugal, and far more inclined to do without than to buy beyond his means, almost without exception pays his debts reliably and promptly. High collection costs form no part of a dealer's worries in France.

Cause of His Complaint.

"I don't like your heart action," the doctor said, applying the stethoscope again. "You have had some trouble with angina pectoris, haven't you?" "You're right in a way, doctor," said the young man sheepishly, "only that isn't her name."

Precious Stones.

Generally speaking, the diamond, which scratches every other stone and can itself be scratched by none, is the most valuable of all. The sapphire is actually the same mineral as the ruby and corundum, transparent, of a blue color. Among the ancients, and even now in the east, the dark blue variety is termed the male, the lighter blue the female stone. The king of Burma's specimen of 951 carats is possibly the most valuable of the sapphires, although the one owned by the duke of Devonshire, of 100 carats, is highly esteemed by connoisseurs for its beauty and purity.

Beauty Answers

By MADAME MAREE

EDNA C.—The surest way to make your hair grow long, silky and beautiful is the easiest way. The following method will actually compel your hair to grow faster, longer and with a superb gloss of life and vigor than anything else known. You can do it as thousands of others have already done. A few days' use of this formula will convince you that what I say is right. The whole of this wonderful work has been told. Just try it. Hair will stop falling, thin spots will fill in, and your hair will be the envy of your many friends. Add one ounce of beta-quinol, 50 cents worth, to a half pint each of bay rum and water or a full pint of witch-hazel (instead), and mix thoroughly. Use this mixture liberally every day. It is not oily, and is very pleasant to use. You will find it exceedingly economical.

BERTHA T.—Here is a wrinkle formula which has never failed to do perfect work. You can make it at home in a few minutes, and it costs less than any wrinkle treatment you can get at the store or drug store. Get a two-ounce package of epsol, 50 cents worth, and mix this with two tablespoonfuls of glycerine and half a pint of water. Apply liberally every day. The skin will grow more plump, and deep lines, crow's feet and other large and small wrinkles will gradually fill out and vanish.

MRS. SUTHER—You can be sure that there is but one sensible way to remove hairs from the upper lip and, in fact, from any part of the body. It is foolish to "burn" them off, by using wax or depilatories, or by using a razor and spotting the skin. Just moisten the hairs with sulfo solution, and from the drug store get a dollar. This will actually dissolve away the hairs completely, and leave the skin soft and smooth. It will not irritate the most delicate skin.

Corns 'Tween Toes? Use Easy "Gets-It"

Any Corn or Callus Comes Off Peacefully, Gloriously, Never Fails.

It is easy for "Gets-It" to reach "hard-to-get-at" corns, and better yet, it is easy to remove them, because "Gets-It" makes them come.

Any Corn Peels Off With "Gets-It." Right off just like a banana peel. You can try to dig, drag, cut, cut corns with a knife, or slice them with a "bloody" razor, or use hand-saws and tape, and wrap up your toe into a package, but that's the "treat-em-rough" painful, foolish way. Use one or 2 drops of "Gets-It" that's the peaceful, sure, common-sense way that never fails. You can see the corn easily with the little glass rod in the cork of every "Gets-It" bottle. It does not hurt, it is fast, it is easy, it is simple, it is a blessing; never fails. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill.

Sold in Newark and recommended as the world's best corn remedy by T. J. Evans, W. A. Erman and R. W. Smith.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, the substitute for colonic, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color, 10c and 25c.

OHIO IS READY FOR SEAL SALE

Campaign Against White Plague Is on Next Week.

STATE'S QUOTA 50,000,000

Money Raised to Be Used in Waging War Against Disease That Takes Seven Thousand Ohio Citizens Annually—Cleveland Man Heads Big Life Saving Campaign.

Ohio is ready to make tuberculosis "the next to go." S. Livingston Mather of Cleveland, chairman for Ohio of the Red Cross Christmas Seal campaign, in a statement declared that the state is organized as never before for a Red Cross Seal campaign and predicted that Ohio would meet her quota of 50,000,000 seals in the nation-wide campaign, Dec. 1 to 10.

The churches, the schools, the lodges, women's clubs, professional men, business men, labor organizations—in fact, all groups of citizens are organized to put across the campaign as it has never been done before.

When the little Red Cross Seals are placed on sale in every city, village and hamlet Dec. 1, it is believed they will be grabbed up in blocks of hundreds and thousands by business men doing large mailings, who will take this opportunity of assisting in the work which various local societies for the prevention of the dread disease, have been carrying on. Reports from various districts and local communities of the state indicate that there is considerable rivalry between communities in the campaign. In several cities the Rotary clubs are behind the campaigns and are doing things in true Rotary style. Busy business men are giving much of their time and money to the effort.

"This is not a job for nurses and doctors and social workers," said Mr. Mather, "but is a problem in which every man, woman and child has a vital concern."

"More than 7,000 deaths in Ohio last year from a disease which is preventable and curable is something for all of us to think about and when it is made clear to the citizens that they can help to check the ravages of this disease by purchasing a few of the Red Cross Christmas Seals, there is no question as to what the response will be. It is the biggest life-saving job Ohio has ever tackled and I am confident it will meet with success." The state is divided into eight districts for the campaign, with a chairman at the head of each district. The district chairmen are Dr. C. D. Selby, Toledo; Dr. R. H. Bishop, Cleveland; Dr. C. B. Bliss, Sandusky; Dr. J. E. Hagerty, Columbus; Dr. Josephine L. Pierce, Lima; Dr. A. C. Bachmeyer, Cincinnati; Dr. C. E. Robbins, Chillicothe, and A. A. Gibson, New Philadelphia.

AMERICAN LEGION HELPS SEAL SALE

Many Soldiers Victims of "Great White Plague."

The American Legion of Ohio, the organization which represents all men who saw service in the World War, has enlisted for active service in the fight against tuberculosis in Ohio. A letter has gone out from the state headquarters of the Legion to the 270 local posts instructing executive men to give their fullest support to the various local agencies in the campaign for the sale of Red Cross Christmas Seals, Dec. 1-10. C. H. Kearns, acting state adjutant of the American Legion, points out that out of the 250,000 young men called to the colors in Ohio during the war, 3,000 were rejected because of tuberculosis by the local draft boards and 1,200 were rejected by the camp medical examiners, making a total of 4,200 men ejected because of the "white plague" in Ohio. It is further pointed out that the surgeon general of the army estimates that 40 per cent of the discharged soldiers receiving compensation from the United States government at this time have tuberculosis. "It is the desire of the American Legion," says Kearns' letter to local posts, "to co-operate in this big fight against the arch-enemy of humanity, and we know all of our local posts will want to take an active part in the fight. It is a worth-while cause and we heartily endorse the movement."

With the money raised from the sale of the Red Cross Christmas Seals, tuberculosis societies are enabled to wage a continuous warfare against this arch-enemy of humanity. If every person will buy at least 10 seals, Ohio will dispose of her quota of 50,000,000 Red Cross Seals.

Tuberculosis costs Ohio in economic waste alone \$30,000,000 annually.

An electrically charged net mounted on a wagon, has been invented in Argentina for wholesale destruction of insects.

PROFIT-SHARING.

The idea of avoiding labor difficulties by some scheme of profit sharing has not in the past appealed to the business men. They have said they would be willing to try it if their employees would agree also to share losses when such occur. But as the result of the present industrial unrest a large number of concerns are trying out the profit sharing idea and making no condition about losses.

The Saturday Evening Post gives results of the encouraging experience of the Browning company of Cleveland, O. In six months after such a plan was put into effect, there was an increase of 32 1-2 per cent in pounds of product shipped, and it only took 5 per cent more man power to produce it.

It was also found that the employees took a greater interest in the welfare of the business. Machines were kept up, in better shape, material was used more carefully and business was conducted more economically.

"An employer would be glad to give his help a large share in the profits if they would produce 32 per cent more goods and only require 5 per cent more labor to do it with.

In many concerns the workpeople are now seemingly doing all they can, and under close competition profits are so small that the managers get only what amounts to a fair salary. Such concerns can hardly make an offer along this line that at the outset would seem attractive.

Still it is possible, were profit sharing to be generally introduced, that as the result of giving an incentive a profit could be created that did not exist before. If so it would make an amazing improvement in the industrial situation. To make such an idea a success, capital must give up its ideas of exclusive control of business, and labor must work for maximum production with all its heart.

Now if these people who are going to overthrow the government would only get out and overthrow a little dirt to help build needed houses, many of the troubles of which they complain would be relieved.

President Wilson is told to keep his mind off public matters, but reading of the Congressional Record about 10 p. m. is one of the best insomnia cures known in this country.

The fact that anyone can get all the sugar he wants to put up dyspepsia making candy, does not prove that he can get any to put up health preserving fruits and vegetables.

However, even if it will take a book of 200 pages to print the peace treaty, it will take a good strong lunged senator much more than that to explain his views.

The only votes changed recently by the senatorial discussion on the peace treaty are the votes of constituents at home who are tired by too much talk.

But anyway, they stopped several years ago giving gold headed canes to the capitalists who spend all their money on themselves.

The congressional investigations are highly successful provided they keep going until the public has forgotten about the subject.

HOLIDAY TRADE.
What useless truck used to be distributed as Christmas gifts. Men had fancy calendars and embroidered necktie holders and scented shirt cases, and one could not begin to enumerate the futile frivolities with which the women showered each other. Housewives had gaudily bound books for the parlor tables which were never read because the reading matter was worthless.

There were vases that would hold no flowers, drinking pitchers that had false tops and would hold no water, bric-a-brac in limitless amount, much of it ugly and all of it imposing a laborious penalty of care taking. Houses were littered from top to bottom with this futile stuff.

You had to expend over it when you got it, and pretended it was just the thing you had been looking for. Then when you got home, you chucked it into the dump at the earliest possible moment.

Today the great majority of the holiday gifts are substantial and useful articles, that people really want. No Christmas gift is worth making, unless it has some practical use or permanent beauty for home decoration. In the case of children it is hard to draw a positive line. But in a general way a toy that won't give good solid wear isn't worth giving. The most suitable gifts for the youngsters are those that help them develop physically and mentally.

Anyone who looks over the stores of Newark must be impressed with the progressive manner in which they follow this spirit of the times. They are full of honest and beautiful objects, that will bring happiness and comfort and make Christmas a day of real ministry to each other's desires.

The merchant that writes an ad that sounds like a news report is the same one who keeps taking more space. All he does is just to speak of some of his lines that have special value. It doesn't take any bigger adjective or polished writing either.

If the folks who are devoting their entire energy to equalizing wealth keep on, they will no doubt be entirely successful, as there won't be any wealth to equalize.

NEW ENGLAND SENTIMENT.

(Philadelphia Record)
In an editorial entitled "If They Should Kill It, redoubtful the mihh Should Kill It," written before news had come of the slaughter of the peace treaty by the Republican senate. The Boston Herald, a strongly Republican paper, expresses positive views which show that Henry Cabot Lodge is very far from being a fair representative of New England sentiment on this question. After asserting that the senator "does not realize the temper of the American people," and that the latter "want some progress toward world organization," it pays its respects to the Wilson-hating, passion-blinded Republican senators in the following vigorous fashion:
"We wonder what any Republican senator of the Dranleeg type is likely to say to his constituents when he goes before them with the record of having killed the treaty, if that should be the eventual outcome of the debate. To be sure, such a senator would gain the enthusiasm support of all who rejoiced in the sinking of the Lusitania and justified the invasion of Belgium. But how would he look upon football, and such a senator would gain the support of all those whose hatred of Wilson, for reasons good, bad and indifferent, was so intense that they would rather see anything fail than to see him succeed."
This view is in accord with the platform of the Massachusetts Republicans, who, despite the bitter opposition of Lodge and his friends, demanded the speedy ratification of the peace treaty without amendment. A split in the G. O. P. on this very vital issue seems one of the probabilities of the near future.

Pointed Observations

It is believed that a lot of miners would like to go back to work with things as they are, but probably some of the agitators wouldn't go to work even if work were made illegal.—Kansas City Star.

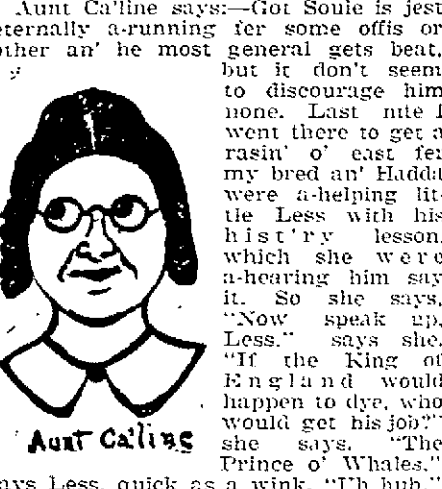

PHARIS TIRE AND RUBBER COMPANY.
Indorsement by the five banks of Newark and the Chamber of Commerce of the Pharis Tire and Rubber company's plan of expansion indicates two facts: First, that the Pharis company is a solid, prosperous and well conducted institution and second, that the stock offering is of real value.
The Newark banks—all five of them—are not only on record as pronouncing this stock an attractive investment but they go further and announce that they will accept subscriptions to the issue of stock.
The Pharis Tire and Rubber company is putting out an issue of \$250,000 of 8 per cent preferred stock, tax free, in shares of \$100. The money is to be used in doubling the Newark plant, thereby increasing the output to supply the constantly growing demand. It is to be expended for ground, for buildings and for equipment.
The company has assets of \$359,000 and a surplus of \$150,000 accumulated in addition to the payment of dividends in the past five years. The purchaser of this stock has the assurance that no mortgage will be placed upon the property and further that the company's quick assets will always be double the quick liabilities.
Conservatively and ably managed, with a good record of earnings and endorsed by all of the Newark bankers and by the Chamber of Commerce, the Pharis company will have no trouble in marketing this stock here at home. It is an opportunity for local investors to place their money in a company that has a good record and whose proposed growth is full of promise.

So she says, "Now, speak up, Less," says she, "If the King of England would happen to die, who would get his job?" she says, "The Prince o' Wales," says Less, quick as a wink. "Thuh," says Hadda. "Now if the Prince would die, who'd get it?" says she. Less surprised for a minute 'n' then says he, "I don't no, Maw, but I wouldn't be surprised if Paw'd make a try fer it," he says.

Did You Know
That St. Tammany was a Delaware chief who lived in the 18th century? He was traditionally famous for his wisdom in council and his friendliness toward the white man. He was canonized as the patron saint of the republic, and his name was adopted by the Tammany Society, founded in New York in 1789, which subsequently became Tammany Hall, a political club connected with one wing of the local Democratic party.

"That fellow B Jones has a hard cheek," remarked the man in the chair.
"I'll say he has," replied the barber.

VIII.—A Hint of Suspicion.

"Anything special you want to do this morning?" Captain Bennett asked, as they finished breakfast.
Keitha shook her head.
"I still have some shopping. I thought perhaps—"
"Good! I have to get a bit of an outfit myself against the day when I get into 'clivies' again. Promised to meet one of my brother officers some time today before he's off to Texas. Couldn't we three meet somewhere for luncheon?"
"You two lunch together," Keitha urged quickly, "I would be quite de trop."

"Not a chance!" he protested. "I want him to see what a stunning wife I've got."
Keitha flushed, but she was not sure if it were pleasure or embarrassment that sent the warm cheeks to her cheeks.
"In that case I'll need the entire morning to make a toilet worthy of the occasion," she laughed.

"You couldn't look better than you do now. I thought the girls in Paris were about as chic as any I'd seen, but you put it all over them. Keitha. There's a sort of poise and coolness about you—coolness, yes that's it," he studied her critically. "You're so darned cool. You remind me of a mermaid on an ice-fingered shore."

Keitha laughed again.
"What a pleasant companion I must be on a hot summer day! But think of the cold winter that's coming."
Bennett lighted a cigarette calmly.
"I'll take a chance on thawing you before cold weather," he said, giving her a level significant glance.

Keitha rose quickly, as the bright color flooded her cheeks.
"What late breakfasters we are!" she said smoothly as she sauntered out of the room. "I believe we are the last to leave." Are you off to the shops?"
Bennett nodded.
"I'll order a taxi and drop you where ever you're going."

"Oh I say, Bennett—Les! Why, hello," cried a jovial voice and a hand descended on the young officer's shoulder with a hearty clasp.
Keitha and her husband turned to face an American officer whose face was wreathed in a smile of greeting.
"Pennington!" Bennett's greeting was enthusiastic. "Jove it's great to see you here! Thought you were still at Brest. When'd you get over?"
"Last trip of the President Lincoln. Looked for you aboard till the gang-

plank went up. What was the delay? That little peach in Paris hold you up?"
A tinge of red showed under the tan of Captain Bennett's clean-shaven cheeks. He glanced swiftly at Keitha, but she pretended to be deeply interested in the traffic flowing by the open door on Broadway. He laid a hand on her arm and swung her around.
"Pennington! I want you to meet Mrs. Bennett."

It was the other officer's turn to color. He stammered a bit over acknowledging the introduction, murmuring something about not knowing Les had a wife, but Keitha was poised and more than usually gracious.
"It is a great pleasure to meet my husband's friends, Captain," she said evenly.

"We think the world of Les, Mrs. Bennett," he assured her embarrassedly. "He was the most popular officer in the mess at Paris where we all met. Great boy and absolutely white!"
"Here, here, Penn!" laughed Bennett. "Give a hand. Of course Mrs. Bennett knows all that, but it's darned awkward for me to listen to it without blushing."

Keitha smiled charmingly at the flustered Pennington.
"It's very pleasing to hear such nice things about my husband, Captain. Are you stopping here? Yes? Then can't you dine with us tonight and tell me more?"
"Do, Penn," urged Captain Bennett. "I don't want to lose touch with you again."

"I shall be delighted," agreed Pennington and made a hasty and still embarrassed adieu.
"Keitha, you're wonder!" Bennett breathed in her ear as he assisted her into a taxicab.

STOP TOBACCO
Stop tobacco for a month and see how much better you feel. You can stop without suffering any inconvenience or feeling the usual craving. Simply get a box of Nicotol from any druggist, use as directed and the habit quits you. Your health will be better, your resistance to disease will increase and you will cease to be a slave to nicotine. Read what Dr. Conner formerly of Johns Hopkins Hospital, says about the evil effects of tobacco in an article soon to appear in this paper. Nicotol is dispensed by all good druggists in this city, especially by T. J. Evans.

Phosphated Iron Makes Great Changes in the Lives of Young Women
Physicians explain why it so quickly puts new life, strength and youthful vigor in the veins of men and women.
DR. HARLAN PAGE, formerly House Physician, Metropolitan Hospital, New York,
a prominent Authority and Specialist on Diseases of the Blood, says that severe tests made on hundreds of patients absolutely convinced him of the extraordinary merits of Phosphated Iron. It often increases the strength of delicate, nervous, run-down folks 100% in two weeks' time.

You can tell at a glance the people who have iron and phosphates in their blood. They are the happy, healthy, go-ahead, men and women, who are successful in everything they undertake. Phosphated Iron is to

DR. HARLAN PAGE, M. D.
Prominent Authority and Consultant, Formerly House Physician to the Metropolitan Hospital of New York

day being used by hundreds of our people to help make red blood, strength, and endurance.
Take the case of Miss Grace Oddy, whose remarkable return to good

health and strength has been a source of wonder and amazement as well as pleasure to her host of friends.
In discussing Phosphated Iron with our representative, she said, "Before taking Phosphated Iron, I was all run-down, a nervous wreck, due to never regaining my proper strength after an operation four years ago. I could not sleep; my food did not digest, and I was wasting away day by day. Neither the best of physicians nor the most expensive medicines did me any good. Nothing seemed to help me; there was no joy in life."
"After using Phosphated Iron only a few weeks, I felt like a new woman. I was never so strong. Think of it! My weight increased from 94 pounds to 113 pounds, a gain of nineteen pounds. I enjoy everything I eat, have lost all nervousness, my sleep is restful, and my appearance has improved 100%. Life once more is a pleasure."
"I feel so grateful that I want every nervous, run-down man or woman who reads this to take Phosphated Iron and renew their health, strength and happiness, as I have. Don't put off getting Phosphated Iron another day. It will make you feel 100% better."

In commenting on this interview with Miss Oddy, our representative said, "She looked and acted so healthy and vigorous that it hardly seemed possible that she was an invalid and only weighed 94 pounds. Miss Oddy certainly looked the picture of health and happiness, and fairly radiated strength and good spirits. Her eyes sparkled, and her

cheeks were the color that only rich, red, blood fed with iron can give."

When this remarkable case was called to the attention of Dr. Harlan Page, Prominent Authority and Consultant, and formerly House Physician to The Metropolitan Hospital

MISS GRACE ODDY

of New York, Dr. Page said: "This is nothing surprising to me. In my personal practice, I have seen hundreds of thin, nervous, run-down people, old and young, double their strength and endurance, increase in weight, regain their appetite, and sleep, and look years younger after a few weeks of Phosphated Iron."

Phosphated Iron, by enriching the blood and creating new blood cells, strengthens the nerves, rebuilds the weakened tissues, and helps install new energy into the whole system. In my opinion, Phosphated Iron is the most valuable tonic any physician can prescribe.

Are you all run-down, weak or nervous? Then, you owe it to yourself to try Phosphated Iron.

Note: Phosphated Iron is obtainable from any good Druggist and comes only in capsule form. Beware of "just-as-good" or cheaper substitutes. Insist on genuine Phosphated Iron in capsules.

LESSONS IN OPTOMETRY BY O. P. COOK

LESSON FIVE.

Why are slight degrees of astigmatism often more bothersome than larger ones?

"Because slight degrees may be overlooked, while those that are more pronounced are quickly detected by the patient, and means promptly sought for their correction."

Then so-called minor defects of vision are liable to be the cause of more trouble than those of a greater degree?

"Yes, an error which is large enough to be recognized by the patient is almost sure to be attended to, while those which cause trouble without the patient's knowledge are neglected."

In how many ways can astigmatism be corrected?

"There is but ONE method—the constant wearing of glasses which neutralize the abnormality of vision. Then glasses which correct astigmatism should be worn constantly?"

Yes, whether the patient is young or old the error is corrected only when glasses are worn.

Milady's Boudoir

Beauty of the Arms.

Arms are naturally pretty
and to make them so requires patience
and lots of treatment. To have a beau-
tiful arm is the desire of most women
but one must remember that it is
harder to build up than to tear down.
However, there are simple treatments
that will work a wonderful improve-
ment, if not entirely correct the
faults. Exercises may be adopted that
will improve the circulation and take
away from or add to any part of the
body. Should the arm be thin the ex-
ercise should be mild, but if there is
too much flesh the exercise should be
more vigorous.

An ideal method of plumping the
arms is to wrap them in oiled band-
ages to be worn all night. Before ap-
plying the bandages the entire arm
should be bathed in warm water for 10
minutes. In addition to cleansing the
skin, it opens the pores and better pre-
pares the skin to absorb the oil.

The bandages should be strips of
linen about two inches wide, first
soaked in olive oil and then applied.
Begin at the wrist by winding the
bandages around the arm, working up-
ward until the whole arm is encased.
The bandages should be put on firmly,
but not so tight as to retard circula-
tion. To prevent one's clothing or the
bed clothing from becoming soiled, silk
should be used to cover over the band-
age. The oil may be applied by mas-
saging the arms, but the bandages are
better. The arms should be bathed
again in the morning and, after being
thoroughly dried, a small amount of
oil should be again rubbed into the
skin by friction, after which the arms
should be wiped with a soft cloth and
then powdered.

Our Boys and Girls

The question arises to me as I pass
along the streets and see boys and girls
idling there for a pastime, "why do
parents allow this?" Time that could
be used to benefit themselves is worse
than thrown away in this manner, for
we all know children are great imi-
tators and there is nothing on the
street for them to take pattern after,
excepting those whom they should not
imitate. If they keep this up they will
go backward in language, manners and
morals.

Parents should know where their
children are and what they are doing
every minute of the day and evening.
Let them know when school has closed
for the day, you expect them to be at
home within a reasonable time, and if
they are not at home, that you will
think that something unusual has hap-
pened to them and will start out your-
self to find them.

In conclusion I will say that if a
child is interested at home he will have
little interest for street amusement.
Each child is interested in something
and it is the parents duty to find out
what. It may be music, it may be
manual training, but it is up to the
parent and to help each child to culti-
vate the interest instead of killing it by
ridicule or lack of interest and enthu-
siasm.

Everyday Etiquette

"When anyone calls and I am not at
home and they leave their cards, do I
owe them a call or do they call again?"
asked Nell.

"You owe them a call. Your not being
being at home makes no difference.
That was your loss and the visitor paid
her obligation," replied her mother.

A Woman's Message to Women:

CINCINNATI, OHIO.

"When I received your generous trial treatment, I was surprised, almost, to find myself so much better. I had little interest in life, was irritable and nervous, but believe me when I say your treatment gave me relief at once, and now I feel like a new woman. The terrible pains in my side and the heavy dragging down feeling are all gone. I honestly believe I was saved from an operation. Mrs. Sumner's Ointment is a Godsend to suffering women. Please send me a box of your treatment, and today I am a well woman, free from all my troubles. Write me your letter wherever you wish, as I am convinced there is nothing in the world like the Ointment." MRS. T. G. GARTER, 302 Russell Ave.

DETROIT, MICH.

"Six months ago I wrote for a sample of Mrs. Sumner's Ointment. I had spent hundreds of dollars seeking health, before I overcame my prejudice to advertising medicine and used your remedy. I was just at the point of having an operation, as I was in terrible shape from red leucorrhoea and the confinement. I ordered a box of your treatment, and today I am a well woman, free from all my troubles. Write me your letter wherever you wish, as I am convinced there is nothing in the world like the Ointment." MRS. CHARLES L. SMITH, 814 Sheridan Street.

Only a Woman Knows a Woman's Trials and Understands Her Need of Sympathy and Help. That is why hundreds of women gladly testify to the value of Mrs. Sumner's Ointment. It is a Godsend to suffering women. Write in confidence, as your letter is opened, read and answered by a woman. For the Free Trial, address, THE SUMNERS MEDICAL CO., Women's Dept. O, South Bend, Ind. (Mrs. Sumner's Remedies Are Sold At Leading Drug Stores.)

CLEAR SKY FOLLOWED BY HEAVY DOWNPOUR

Despite the surprise sprung by the weather man Tuesday morning, home-grown weather sharps tackled the job even more resolutely, with a prediction of immediate low temperature. A clear, star-studded sky and moist, sultry atmosphere Monday night brought forth predictions of a frost, with clear, cold weather. Then came the equinoctial storm in the early morning, with crashing and rolling thunder and a drenching downpour, followed by threatening, overcast skies and slightly lower temperature.

DR. H. C. GIBSON IS DEAD.
Tiffin, Nov. 25.—Dr. Harmon C. Gibson, aged 67, physician and surgeon, died at his home here. A little "Danderine" checks ugly dandruff and stops hair falling

Get a small bottle of "Danderine" at any drug store for a few cents, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful secret will have disappeared. Use three applications and you will have no more dandruff and stops falling hair. Every hair on scalp shortly shows more life, vigor, brightness, thickness and color.

Fall and Winter Brings on Aches and Pains

Many people suffer unnecessary pain by waiting for lumbago, backache or rheumatic pains to pass off naturally. Why not take prompt action and make a remedy like that described by J. K. Wilkinson, of Selma, O. "Lumbago struck me just as I got out of bed, so bad I couldn't stay on my feet. My wife bathed my back with Houstonia Liniment and covered it with a hot flannel cloth, and I began to get better at once, and in two hours time I got up and went to work."

In a few hours Houstonia will relieve practically every ache or pain. Its remarkable antiseptic qualities make it especially good for burns, cuts and bruises. It soothes while it heals. He prepared in advance by securing a bottle of Houstonia-e-o-h (The Original Jones' Liniment), with Dr. Jones' picture on the yellow label. \$1.00 Half size 50c, trial size 25c. Sold by all druggists. Dr. J. C. Jones Co., So. Charleston, O.—Adv.

TRAIN YOUR HAIR AS AN ACTRESS DIES

No class of people devote as much time to beauty as do actresses, and no class must be more careful to retain and develop their charms. Inquiry develops the information that in hair care they find it dangerous to shampoo and dry with a towel. The majority say they have the best hair wash and scalp stimulator at a cost of about three cents, one need only get a package of cutthroat from "our druggist," dissolve a teaspoonful in a cup of hot water and your shampoo is ready. This makes enough shampoo liquid to apply it to all the hair instead of just the top of the head. After its use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are quickly dissolved and entirely disappear when you rinse the hair. After this your hair will be so fluffy it will look much heavier than it is. Its luster and softness will delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.

"GRAND MEDICINE FOR THE STOMACH" SAYS MRS. GEORGE

Jacksonville, O., Nov. 10.—The following message from Mrs. John George is published for the guidance and relief of all whose stomachs are making life miserable.

"For years I was troubled with gas on my stomach and indigestion. Everything I ate soured on my stomach and caused misery and pain. After eating I would take cups and suffer great pain. I have taken a lot of medicines and it did me no good. I tried Dr. Parker's treatment for Indigestion and Constipation and was relieved at once. I think it a grand medicine for the stomach."

Dr. Parker's Treatment is guaranteed. Money back if not satisfied. Sold by all druggists.—Adv.

YOU CAN TRUST THIS LAXATIVE

No Purging Pain or Weakening Drugs in Nitelets.

When you feel the danger signs of Constipation or Indigestion, don't think you have to tear your body inside out to get relief.

It's no relief to gripe the bowels with cathartics or take nasty tasting castor oil or mineral waters. Calomel contains mercury, which is likely to form poison combinations. Nitelets are mild, natural, soothing and pleasant.

As soon as headache, dizziness, bad breath or nasty taste in mouth appear, or stomach and bowels begin to bleed or pain, take Nitelets. They are made of nothing but vegetable ingredients, stimulating and strengthening to stomach, bowels and liver. Package of 15 doses—10c in trial size, regular size 45 doses, 25c. You can trust them—guaranteed.—Adv.

AMUSEMENTS

AUDITORIUM.

Checkers.
The scene is a race track, the horses are at the post, and after three false starts get under way. In the home stretch two of them fight for the lead, nose and nose, and in one of the greatest racing scenes ever witnessed an unknown horse, ridden by a girl jockey, dashes under the wire as a winner. That is but one of the many thrilling scenes in "Checkers," the well known racing play which has been made into a big special moving picture by William Fox and which opened Sunday for a run of three days at the Auditorium theater. It is a masterful production, rich in romance and prodigious in whole-some sensation. The last showings are today.

Robin Hood.
If you missed Robin Hood at the Graham Opera House Friday night you missed one of the very best things that has been given here. From the opening chorus to the finish the large audience was perfectly delighted; the applause was general, and the actors responded graciously. In fact, there was a good fellowship between actors and audience, which was splendid. Everything connected with the De Koven opera company was first class. That was one big thing we noticed about the chorus of the Robin Hood company. Mr. Dunbar said: "It is not at all necessary for the people traveling with a show to be anything but ladies and gentlemen." He said the principal trouble is with the cheap musical organizations, they select anyone they can get to pay them almost nothing, and don't care. "We select only people with good voices; they must also be ladies and gentlemen, and we treat them as such."

A company like the De Koven opera company is an uplift in a community and we sincerely hope they may come again.—Washington, Iowa, News.
Robin Hood comes to the Auditorium tomorrow night for one performance only. The seat sale is quite large, but there still remain many choice reservations. The management requests all who have seats laid away to pick them up before 5 p. m. tomorrow, otherwise they will be placed back in the rack for sale.

Robert Downing.
Some of the best actors on the American stage have played the part of Joe Morgan in "Ten Nights in a Bar Room," and when Mr. Arthur C. Alston approached Mr. Downing with a proposition to star in the production, in the part of the drunkard, he was a bit uncertain as to just what might be Downing asked was, "Is it to be the old versions, that has been hawked about the country by barnstormers and cheap vaudeville companies? If so, I want nothing to do with it."
"The story of the play is fine, and I know of no other play that has a stronger moral lesson. There are excellent dramatic scenes and some powerful climaxes. But in its old shape it will never do for the present theater-goer—there are too many murders, suicides, too much of rough stuff, if I may use the expression. I thought we might have it rewritten," suggested Mr. Alston. "In that case, I feel that we might get a very strong play," said Mr. Downing, "and as I

have never been associated with anything but classic and standard plays, we must have a play that I can stand in the same list." Mr. Alston then suggested that they secure someone who could rewrite it and bring it up to date. Mr. James W. Castle was then engaged to do the work. It being finished, Mr. Downing approved of it, the scenery was painted, company engaged, a tour started. Many actors and some managers thought it impossible that a play that was over 60 years old could succeed with so much opposition in the way of new plays, but Mr. Alston's and Mr. Downing's judgment was right.

SCENE FROM "TEN NIGHTS IN A BAR ROOM," WITH ROBERT DOWNING, AUDITORIUM THANKSGIVING DAY

The season lasted for 35 weeks, played to standing room, in many theatres turning people away, and also played many return dates. This is the second season, and the interest manifested by the public is even greater than last year.

The management takes pleasure in announcing the appearance of Mr. Downing at the Auditorium Thanksgiving Day, afternoon and evening.

The Wanderer.
The Prodigal Son, has always been a subject of divided sympathy and the story of Jether, the headstrong younger son of Jesse, which is told in "The Wanderer," the colossal spectacle which is to be seen at the Auditorium next Monday and Tuesday, is probably the best-known of any of the parables. The story of "The Wanderer" is by Maurice V. Samuels. The producers are Comstock and Gest and the production was staged by the wizard of realism, David Belasco, as assurance that no detail that might all to the effectiveness of the production has been overlooked or slighted. The story opens in the home of the Prodigal amid the

beauty of many of its scenes and the exceptionally capable interpretation of the title role by Miriam Cooper, long a favorite film actress here.
As everybody who reads knows—or ought to know—the story deals with the exile of the Americans from their native land, with their subsequent wanderings in what now is the United States, and with the love of Evangeline and Gabriel—the latter well played by Albert Roscoe.
Spottiswoode Aitken, the veteran actor; James Marcus and Paul Weigel are conspicuous for their good work in an exceptional supporting cast.
The picture was staged by R. A. Walsh, on whom it reflects great credit. It is a delight to the eye—a pictorial as well as an intellectual treat. The engagement is for four days with no advance in prices.

Crisp a Genius.
When Fred Stone came west to make three pictures for Artcraft, Donald Crisp was chosen to direct him. Until about a year ago Crisp was known as one of the best character actors in the (Continued on Page 16, Col. 1)

sunlit hills of Judea. Jether, the shepherd boy, is depicted as eager to see the world and taste the joys of the great city of Jerusalem. Against the pleadings of his mother and the argument of his father, he sets forth, with his "portion" to seek fame and fortune. It is in the second act that the imagination of the playwright and producers have been given full sway. In the house of Nadima, the prodigal wastes his substance in riotous living and for the unworthy Tisha, he dissipates his patrimony, renounces his God, gambles with false dice and finally, stripped almost to nakedness, he is driven out in shame to return, penitent and humble, to plead for parental forgiveness.

ALHAMBRA.
"A Nine O'clock Town."
For genuine wholesome comedy, pep-

er just before the opening of the "Emporium" in the home town and goes to the city for a job, leaving Katherine, who loves him, much downcast. The "Emporium" doesn't thrive as it should as Pa Clary isn't much shucks as a business man. Finally he asks his son to come back and run the thing—it only into the ground. The last screenings are seen today.

"Evangeline."
"Evangeline," the William Fox motion picture version of Henry Wadsworth Longfellow's immortal poem, which opens a run at the Alhambra theater tomorrow, is unquestionably the finest film achievement seen here in a long, long time.
Its outstanding features are its fidelity to the poem, the wondrous

This is what cleared my skin

If your complexion is red, rough and blotched—if it is excessively oily or unnaturally dry—try Resinol Soap. It will help to heal your sick skin, and to enable you to have that clear, healthy complexion nature intended you to have.

When the skin is in very bad condition, a little Resinol Ointment, applied after bathing with Resinol Soap will usually bring more beneficial and quicker results.

For sale by all druggists and toilet goods dealers.

Discriminating men use RESINOL SHAVING STICK.

PICKS ELEVEN FROM THIS SQUAD TO MEET KENYON

DENISON FOOTBALL SQUAD.

Back Row, Left to Right—Livingston, Hollinger, Brien, Weber, Spencer, Steadman, Capt. Meredith, Kull, Rettig, Swanson, Owens, Jenkins, Adams, Pfanner.
Middle Row, Left to Right—Burkhardt, Seibel, Stone, Laws, Robertson, Thompson, Kidder, Hodges, Carl, McMahon.
Front Row, Left to Right—Klien, Carver, Hemmerly, Gleiss, Pomerson, Quartel, Homberger, Druitt.

FORMER NEWARK ATHLETE TO PLAY ON DENISON SQUAD

Everything in Readiness For Game With Kenyon At White Field Here Thursday.

Denison's football team plays Ohio University at Athens today and then finishes the season with the Denison-Kenyon game at Newark Thanksgiving day at 2:15 o'clock.

Among the regulars are many stars who will play their last football game for Denison. The all Ohio men in this group are tackles, Kull and Capt. Meredith, and fullback, Roudelush. Those stars of lesser fame are Hollinger, Quartel, Jenkins, Carl and Hodges. Ohio has known and seen these men play for many years, and great is the interest centered on their farewell game.

"Tommy" Thompson, a former Newark athlete, has been playing real ball for "Livy" and has been the worry and menace of Denison's opponents all season. A hard fight and a good game can always be expected of him.

"Tip" Owen will punt for "Livy" and will surprise Newark fans with his beautiful 80-70 or even 60-yard spirals. In him "Livy" has by far the best punter in Ohio.

Denison's team is working hard and is confident of closing the season with a victory at Newark next Thursday afternoon.

FORMER LOCAL WOMAN SUES RAILROADER

A suit for alimony was filed in the court of common pleas of Knox county by Martha E. Thompson against Elmer W. Thompson, says the Mt. Vernon Banner.

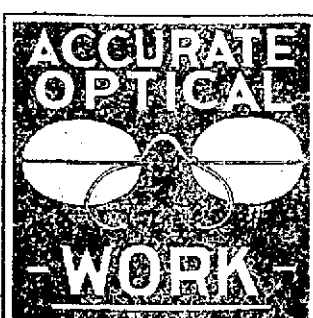

The plaintiff states they were married November 9, 1912, and that three children were born to them. The plaintiff states that the defendant was a locomotive fireman and capable of earning \$200 per month. They resided in Newark. Shortly after their marriage the plaintiff states the defendant wanted her to move to Ankenytown, stating that he was financially embarrassed. This she did, but on June 1, 1919, the defendant left the plaintiff when she refused to move to Columbus.

She asks for the custody of the three minor children and for alimony in a reasonable sum.

Lot C. Stillwell is the attorney for the plaintiff.

TAKE QUICK CARE CHILDREN'S COLDS

Duffee's Cough Syrup Is Reliable, Harmless and Effective.

Colds are serious. They weaken children, retard their growth and prepare the way for serious illness. Check them at once with Duffee's Cough Syrup, the old reliable household remedy, that has served the public for thirty years. A dose on the appearance of the first symptom will often clear up a cold. Have it in the house ready for quick action.

There's nothing just like Duffee's Cough Syrup in deep seated colds. Used with Duffee's Fifty-Five Minute Laxative Tablets, the combination works wonders, relieving severe cases with astonishing rapidity. You will believe in it when you try it. At your druggist's and grocer's.

NEWARK MAN ABLE TO WORK FIRST TIME IN MONTHS

Had to Lie With Head Propped Up All the Time; Felt Weak and Nervous.

DRECO GAVE RELIEF.

Claims the New Medicine Has Made a Big Improvement in Him.

Yesterday was the first time I have been able to do a lick of work in months, and I give the credit to Drecto, the new medicine, declared Mr. Duwsect, 14 Western avenue, Newark, O., in a signed statement.

"I was weak and nervous, had no energy nor strength to do a thing; my bowels were bound up, liver sluggish and my stomach seemed unable to get any strength that does for me. Whenever I'd lie down I would have to have my head propped up, as I couldn't stand to feel like the blood was rushing to my head."

"I went down and talked to the Drecto man about the new medicine and got a bottle. It started my bowels moving and eased my stomach. In a few days I was feeling so much better, and I kept on taking Drecto; it is wonderful what it has done for me. I feel like a big load has been lifted from my existence; my liver is active again; no more dizzy spells; food digests and strengthens me; in fact, I feel that I am on the road to recovery and expect to keep on taking Drecto, for it's great medicine."

It is highly important for the lowlies to keep active; that the kidneys do not become deranged; that the liver supplies the proper secretions to the stomach, so that digestion may be perfect.

Drecto, the natural herb medicine, acts on these vital organs toning them so that they perform their duties as Nature intended they should.

All good druggists now sell Drecto, and it is highly recommended in Newark by Evans' Out-Date Drug Store.

Thanksgiving Day, Thursday, Nov. 27th

— AT 2:15 O'CLOCK —

DENISON vs KENYON

It has been many years since college football has been played in this city. Hundreds of alumni of both Kenyon and Denison hope the attendance at Thursday's game will justify the effort made to bring these two fast teams to Newark. It is proposed to make it an annual affair.

pictures, and since starting in at directorial work he has speedily made a name for himself. His excellent work is directing Wallace Reid to a selection to handle the Stone comedies. This choice was a wise one has been proved by "The Goat" which is to be seen at the Alhambra theater next week and which is a splendid tribute to Cusp's genius.

GEM

"Sacred Silence."

The far-reaching effect of a woman's sin contains the basic idea for the new William Fox photoplay "Sacred Silence," which comes to the Gem problem from a point never used in theater tomorrow with William Rusmore and it is done so vividly so intelligently as the star. Critic reviews and mites and with such humanity, with cate one of the strongest stories ever that one is apt to lose sight of the con-

stantly seeks to make every man her victim; responsible for the tense situation which opens the story and which compels a valiant young captain with whose destiny the story is chiefly concerned to desert from the army and become a doctor in the street. An unusual cast supports the new Fox star.

GRAND

World Allure

Frank Keen's third independent production "The World Allure" which opened its run yesterday at the Grand theater has been called an epoch in the history of the modern motion picture. It is a story of a woman's sin and its consequences, told in a way that is both new and old. The story is told in a way that is both new and old. The story is told in a way that is both new and old.

IN BED TWO YEARS AS RESULT OF PNEUMONIA

Cough left and she soon got back strength and flesh.

"I was confined to my bed for 2 years from the effects of plural pneumonia. It left me with an awful cough and bronchitis. I was treated by 12 different doctors, with no permanent benefit. I had heard of Dr. Williams' Pink Pills, and I tried it. From the first I commenced to feel better. I have now taken seven bottles and am feeling fine. I have no cough or asthma, and I am doing all the work for a family of seven. I feel better than ever."

—Mrs. J. S. Sayers, 40 Fulton St., Philadelphia.

Run-down body invites disease. Let Dr. Williams' Pink Pills build you up as it has others. It does nothing to try. This medicine is a pleasant, nutritive food and a corrective medicine. It is a tonic for the blood, and it is a tonic for the body. It is a tonic for the mind, and it is a tonic for the soul. It is a tonic for the whole body, and it is a tonic for the whole soul.

No matter how severe your case, you are urged to try Dr. Williams' Pink Pills. Under this guarantee—Take six bottles with you, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. FORMER NEWARK ATHLETE TO PLAY ON DENISON SQUAD

Everything In Readiness
For Game With Kenyon
At White Field Here
Thursday.

Denison's football team plays Ohio University at Athens today and then finishes the season with the Denison-Kenyon game at Newark Thanksgiving day at 2:15 o'clock.

Among the regulars are many stars who will play their last football game for Denison. The all Ohio men in this group are tackles, Kull and Capt. Meredith, and fullback, Roubush. Those stars of lesser fame are Hollinger, Quartel, Jenkins, Carl and Hodges. Ohio has known and seen these men play for many years, and spent as the interest centered on their farewell game.

"Tommy" Thompson, a former Newark athlete, has been playing real ball for "Liv" and has been the worry and menace of Denison's opponents all season. A hard fighter and a good game can always be expected of him.

"Yip" Owen will punt for "Liv" and will surprise Newark fans with his beautiful 50-70 or even 60-yard spirals. In him "Liv" has by far the best punter in Ohio.

Denison's team is working hard and is confident of closing the season with a victory at Newark next Thursday afternoon.

TAKE QUICK CARE CHILDREN'S COLDS

Duffee's Cough Syrup Is Reliable, Harmless and Effective.

Colds are serious. They weaken children, retard their growth and prepare the way for serious illness. Check them at once with Duffee's Cough Syrup, the old reliable household remedy, that has served the public for thirty years. It does on the appearance of the first symptom will often clear up a cold. Have it in the house ready for quick action.

There's nothing just like Duffee's Cough Syrup in deep seated colds. I used Duffee's Fifty-Five Tonic Laxative Tablets, the combination works wonders, relieving severe cases with astonishing rapidity. You will believe in it when you try it. At your druggist's and grocer's.

NEWARK MAN ABLE TO WORK FIRST TIME IN MONTHS

Had to Lie With Head Propped Up All the Time; Feet Weak and Nervous.

DRECO GAVE RELIEF.

Claims the New Medicine Has Made a Big Improvement in Him.

Yesterday was the first time I have been able to do a lick of work in months and I give the credit to Dreco, the new medicine," declared Mr. Dawson Long of 14 Western avenue, Newark, O., in a signed statement.

"I was weak and nervous, had no energy nor strength to do a thing; my bowels were hard, my liver sluggish and my stomach seemed unable to get any strength from the food I ate. Whenever I'd lie down I would have to have my head propped up, as I couldn't stand as I feel like the blood was rushing to my head."

"I went down and talked to the Dreco man about the new medicine, and got a bottle. It started my bowels to moving and eased my stomach. In a few days I was feeling so much better, and I kept on taking Dreco; it is wonderful what it has done for me. I feel like a big load has been lifted from my existence; my liver is active again; no more dizzy spells, food digests, and I am on the road to recovery and expect to keep on taking Dreco, for it's great medicine."

It is highly important for the bowels to keep moving so that the kidneys do not become clogged, that the liver supplies the proper secretions to the stomach, so that digestion may be perfect. Dreco, the natural herb medicine, acts on these vital organs, toning them so that they perform their duties as Nature intended they should.

All good druggists now sell Dreco, and it is highly recommended in Newark by Evans' Cut-Rate Drug Store.

MARIETTA REAL ESTATE DEALER LAUDS TRUTONA

"I Simply Feel Like a New Man Since Taking It" Mr. Neece Declares.

Marietta, O., Nov. 24.—"I simply feel like a new man—just years younger, since I have taken Trutona and 18, positive I'll live many years longer now because of the benefits that this tonic has given me." S. H. Neece, 79 years old, a well known Marietta real estate agent who lives at 314 Front Street, said a few days ago.

"I'm a veteran of the Civil War," Mr. Neece continued, "and it was while in the service that I first began to have trouble with my liver and kidneys. I've suffered from this trouble more or less ever since. I suffered terrible pains in my back and sides. Pains also came into my forehead and into the back of my neck. My appetite was very poor and the food that I ate didn't digest properly. I often experienced spells of dizziness. I was usually constipated too, having to take laxatives most all the time."

"Well, sir, since taking Trutona, I'm convinced that I'll live past the 90-year mark. I want all my friends to know what this medicine has done for me. The pains in my back and head have all left me now and my sight is much clearer than before. My kidneys don't give me the trouble they did before I took Trutona. I simply can't get enough to eat nowadays and I sleep much better, too. I am not constipated any more. Trutona has made a different man of me and I can truthfully say that it is the best medicine that I have ever taken in my life. I want the people in Marietta and elsewhere to know what Trutona has done for me."

Trutona is now being introduced and explained in Newark at Eiman's Arcade Drug Store.

DENISON IS IN GOOD TRIM FOR KENYON GAME

Granville, Nov. 25.—With yesterday's practice on Beaver Field, "Liv" began putting the finishing touches on Denison's eleven, in preparation for the Kenyon game. Thinking ahead, the team on White Field Practice was light, however, and will probably continue so during the week.

The team has returned from the victorious trip to Athens in splendid condition, the players suffering but slightest injuries. Sid Jenkins, whose line bucking against Ohio university was a feature of Saturday's game, was never in better condition. Kull got away with several of the most brilliant tackles of the season without accident. "Yip" Owen's punting, admired by friends and foes alike at Athens, is likely to be a feature once again of the Thanksgiving scrap.

So far as actual injuries show, the Denison team will probably outplay the Kenyon boys just a trifle. On the other side of the scale, however, will be the enthusiasm generated by the fact that it is Kenyon's homecoming celebration. Five Denison men will play their last game for the university: Jenkins, Kull, Quartel, McMahon and Meredith.

ELKS BUY CLUB HOUSE.

Ashland, Nov. 25.—Ashland Lodge of Elks, instituted a year ago, has just completed a deal for the purchase of the Samuel D. Reeb property at Center and Washington streets as the Elks' home. The consideration was \$15,000.

FURNACE STRIKE SETTLED.

Jackson, Nov. 25.—Six hundred employees of the furnaces here have returned to work, following a walkout which occurred last July. According to information, the strikers did not gain their point.

THE MARKETS

Chicago Grain Review.
Chicago, Nov. 25.—Fresh strength developed in the corn market today owing more or less to steadiness of country offerings and to hope of enlarged export demand. Opening prices, which ranged from 1 1/2 to 1 3/4, advanced May 1 1/2 to 1 3/4, 1 1/2 to 1 3/4, and 1 1/2 to 1 3/4, were followed by a material upturn all around. Oats hardened with corn. After opening unchanged to 1 1/2 to 1 3/4, the market reacted a little but the rise again was sharp break in hog values. Sellers were scarce.

Cincinnati Live Stock.
Cincinnati, Nov. 25.—Hogs: receipts 5600; steady, 5 to 10 lower; selected heavy 13.50 to 14.50; good to choice packers and butchers 13.75, medium 13.75. Wall Street.
New York, Nov. 25.—Copper shares were the only noteworthy exceptions to the further advance of prices at the opening of the stock market. The usual motor oil, steel, equipment, food and shipping issues were in moderate demand at gains of 1 to 3 points. Miscellaneous stocks and unclassified specialties also moved with the popular industrial but rub gave no sign of shaking off their recent apathy. Early gains were materially extended within the first hour under lead of General Motors and Pierce Arrow. The market drifted idly after the first inquiry for stocks but dullness had no effect upon an advance which assumed a broader dimension. General Motors extended its gain to 13 points and others of that class were 2 to 6 points higher. Pennsylvania, Seaboard, Steel, Superior Steel and Chicago Pneumatic Tool were conspicuous in the pronounced improvement class shown by ordinary inactive industrials. Representative stocks were substantially better with equipments and shippings. Call loans opened at 7 per cent but fell to six per cent before noon when still higher prices prevailed in the general list.

JUDGE KYLE TO OPEN COURT HERE MONDAY

Judge Charles H. Kyle of Xenia, who has been assigned by Chief Justice Nichols of the supreme court to hold court in Licking county beginning Monday, Dec. 1 has notified the clerk of court that he expected the attorneys in all cases assigned to be ready for trial as he certainly would not tolerate any unnecessary delay or continuance and that all the cases would be heard in their regular order of assignment.

APPOINTEE HARTFORD SCHOOL BOARD TODAY

Probate Judge Hunter on Tuesday appointed five members of the Hartford school board, under the centralization plan adopted by the voters at the last election.

They are Harry Graves and Bert Wells, members of the Croton school board and J. N. Thompson, E. A. Trout and S. L. Barick, of the old township board. These five are to elect officers at their organization meeting.

The statute under which the centralization of schools is possible provides that two members shall be elected for two years, at the next township election, and three for three years at the following election, and at a suitable election in due time the entire membership shall be selected by the voters for four year terms.

OIL AND GAS NOTES

GETS OIL ON GULF COAST.

A telegram was received yesterday in Columbus stating that the Empire Gas and Fuel company, the principal oil producing subsidiary of the Cities Service company, had drilled in what is known as Burroughs No. 1, in the eastern field in Liberty county, Texas, and that the well was estimated as producing 5,000 barrels a day. This well also demonstrates the value of a large contiguous territory, it is said.

LOCATES NEW WELL.

The Ohio Cities Oil and Gas company has located a well on the farm of Granville Smith, near Mt. Pleasant.

AS TO BUYING STOCK.

Since the boom in the Texas oil fields, oil stock advertisements are in abundance. Recently a special investigator, William MacNutt, had the following to say in Collier's Weekly regarding the buying of Texas oil stock:

"To dozens of oil men I put this question: If I were an ordinary citizen with a little money to invest, living in Chicago, Philadelphia, Boston, or Portland, and I were to buy oil stock without other information than that which I could get from advertising, how much chance would I have to land on a stock that would give me a normal gambling break?"

"The most optimistic of the men to whom I put the question said: 'One chance in ten.' The most pessimistic answer I received was from a man of long experience and excellent standing in the oil business, the president of a big company, who said: 'One in two hundred.' The other answers ran the scale between these two."

Miss Helen Connor of East Main street is in Cincinnati the guest of her cousin Mrs. William O'Neill. She will remain over Thanksgiving.

How Long Learned Reading.
Andrew Lang—the best prose writer of his time, according to Mr. Thomas Secombe—took to the printed page well nigh as instinctively as a duckling takes to water. "About the age of four," he relates, "I learned to read by a simple process. I had heard the elegy of 'Cock Robin' until I knew it by rote, and I picked out the letters and words which compose that classic till I could read it for myself. . . . 'A nursery legend tells that as a child I used to arrange six open books on six chairs, and go from one to the other perusing them by turns. No doubt this was what people call 'desultory reading,' but I did not hear the criticism till later, and then too often for my comfort."

BREAKS A COLD
IN A FEW HOURS
"Pape's Cold Compound"
instantly relieves stuff-
iness and distress.

Don't stay snuffed-up! Quit blowing
and snuffing! A dose of "Pape's Cold
Compound" taken every two hours until
three doses are taken usually breaks up
a severe cold and ends all gripe mis-
ery.
The very first dose opens your clogged-
up nostrils and the air passages of the
head; stops nose running; relieves the
headache, dullness, feverishness, sneez-
ing, soreness and stiffness.
"Pape's Cold Compound" is the quick-
est, surest relief known and costs only
a few cents at drug stores. It acts
without assistance, tastes nice, contains
no quinine—insist upon Pape's.

MANY DAILIES CONSOLIDATED

Increased Cost of Operation Results In Elimination of Many Papers in Ohio Cities.

The recent consolidation of the Piqua Daily Dispatch and the Press is today followed by consolidation of the Piqua Call and the Press-Dispatch. Piqua now has one newspaper instead of three.

Within recent weeks the daily newspapers of Zanesville, Elyria, Lorain, Cambridge, Wooster and Mansfield have been consolidated. Some time ago the three papers at Coshocton were united. Other cities of Ohio which have but one newspaper are Alliance, 24,000 population, Portsmouth 30,000, Martins Ferry 15,000, Massillon 17,000, Ashland 23,000, Urbana, Washington C. H., Xenia, and Conneaut, each approximately 12,000 population. In Michigan a dozen of the largest cities of the state have but one daily newspaper. Saginaw, Bay City, Flint, Kalamazoo and Lansing are cities ranging in population from 5,000 to 70,000, and all are one newspaper towns.

In Illinois, New York, New England, the middle west and the far west there has been a continuous succession of newspaper consolidations and scores of smaller papers have been forced to suspend publication. The city of Chicago now has only two morning newspapers—the Tribune and Herald-Examiner.

Increased cost of production, the soaring price of newsprint and everything connected with the business, is causing papers to suspend, consolidate and increase their advertising and subscription rates. Many Ohio papers have for a long time been charging subscription rates of 12 to 15 cents a week and in the past year advertising rates have been increased in practically every office.

DOCTRINE OF HELL-FIRE IS LIBEL AGAINST GOD

An interesting audience listened to Mr. Marietta, pastor of the Seventh Day Adventist church last night when he spoke on the subject "When Will Hell Be Cast Into the Lake of Fire?" Basing his remarks on Rev. 20, 14 he said: "God is love. His love is everlasting. It is revealed even in His dealing with sin and the sinner. When God destroys sin and punishes the sinner He still manifests His love for them. God does not mete out a punishment to the sinner that His Son was not willing to take upon himself."

"Why discuss the subject hell and hell-fire? Because the doctrine of eternal pain is a libel against God. It stigmatizes His character. It would make His government one of tyranny. It is a reproach upon the gospel of Christ, and it belittles His sacrifices."

"In 2 Pet. 2 it is said that the angels that sinned were cast them down to hell," and Paul says "we wrestle against wicked spirits." And again in Rev. 16-17 they are the spirits of devils, which go forth upon the kings of the earth and the whole world so the angels that sinned were not cast into a lake of fire but into the earth, where the Lord shall punish the host of the high ones that are on high, and the kings of the earth upon the earth. In Rev. 19 the Peter 3-10 is fulfilled then will hell be cast into the lake of fire, and the wicked shall be ashes under the soles of your feet and the earth being restored to its Edenic beauty will be come the home of the redeemed."

Mr. Marietta announced for tonight the subject, "Satan, Sin Their Beginning and End."

GRANVILLE

(Special to the Advocate.)
Granville, Nov. 25.—War topics were featured at the meeting of the Travelers' club Monday afternoon and the school program completed to date. Mrs. Ella Baker presented a view of one of the war-racked countries in her paper entitled "Through Macedonia," introducing interesting statistics. Two million and a half inhabitants of whom more than one-half are Christian, was one of the arresting statements which opened the subject. Mrs. Kornhauser, one of the new associate members, substituted for Mrs. Brumback and gave an instructive talk on "Restoring Broken Bodies." The round table discussion centered round "War Messengers" and under direction of Mrs. John Owen, assisted by Mrs. Mary N. Jones, Mrs. Burton Case and Mrs. George H. Reese many interesting facts were presented concerning the birds, the white mice, the cats, the dogs and the carrier pigeons, used at the front. Among the guests present, Mrs. V. Burkham (Miss Lucy Aiken) received warm greetings.

At a meeting of the executive board of the Festival association called last night by the president, Prof. M. E. Stickney, it was voted among other measures, that the association back the Engwerson Choral society financially in its effort to promote better music in the community. The date for the presentation of "The Messiah" was announced as Sunday, December 14.

Granville will be well represented in Newark this week by reason of its interest in "Robin Hood," the opera in which R. W. Soule is to appear on Wednesday evening and in the football game on Thanksgiving day between Denison and Kenyon played on White Field.

To Reduce Dangerous Varicose Veins

People who have swollen veins or bunches should not wait until they reach the bursting point, which means much suffering and loss of time, but should at once secure from any reliable druggist a two-ounce original bottle of Moore's Emerald Oil (full strength).

By using this powerful, yet harmless germicide treatment improvement is noticed in a few days and by its regular use swollen veins will return to their normal size and sufferers will cease to worry. Moore's Emerald Oil treatment is used by physicians and in hospitals and is guaranteed to accomplish results or money returned.

It reduces all kinds of enlarged glands, goiters and wens and is used exclusively in many large factories as an unailing first aid to the injured antiseptic. W. A. Erman can supply you.

STRONG MEN AND WOMEN WIN OUT

In business, at work, or at home, you must "make good" or be a failure. The healthy red-blooded man or woman tackles every task fearlessly, with joy and the "pep" that wins.

Plenty of red blood, rich in Iron and Phosphates, is needed if you would win in life's battle.

One of our leading doctors has often remarked, "Life is full of need- less failures, all because men and women do not keep their blood and nerves charged with rich Iron and Phosphates; there is no excuse for the thousands of run-down weak and nervous men and women when Phosphated Iron, the Red Blood and Nerve Builder, is within reach of all. It will bring back the joy of living and doing; give you rugged health, strength and restful sleep."

If you are all run down, weak, thin or nervous, Phosphated Iron will build you up and make you feel like a live one; it never disappoints. No matter what anyone says you owe it to yourself to take Phosphated Iron. Try it and note for yourself how after only a few days it increases your health and strength one hundred per cent.

Ask for Phosphated Iron Capsules, and be sure you get capsules. For sale by

George Foster was a Newark visitor Saturday.

Stanley Custard, who received injuries on the side of his face when he was struck by a limb from a falling tree, has about recovered.

Joe Baker was a visitor with his brother, Clint Baker, and family over Sunday.

The residence of Guss Gettys, near Bridge, is under quarantine for scarlet fever. Nearly all the family are ill, and have been serious.

Ed Gordon has sold his farm here and will give up rural life and move back to Somerset. He was compelled to postpone his sale on account of being under quarantine for scarlet fever in his family.

Oscar Axline has gone to New Lexington where he has employment.

Good progress is being made with grading of 4.55 miles on I. C. H. No. 366 between Somerset and Thornville by Contractor M. M. Grey of Bowling Green who expects to complete the work by June 1. Lamb & Neel, Thornville contractors, have built a part of this road. The road will be of bituminous macadam with a seven-inch flint bottom and sand and tar filler and four-inch top of tar and fine limestone. The improvement will cost \$122,000, and when completed will give an all-year outlet to the north as it will be the connecting link between Thornville and Somerset.

"The Dead Man school" gave a box social Friday evening for the benefit of the school. Boxes were sold and a literary program was given.

Clem Miller has purchased the William Drumm farm, and will move to that place in a short time.

Samuel Hoover has purchased a new touring car.

George Baker, a stock buyer of Somerset and a former resident of this place, suffered two strokes of cerebral hemorrhage the first of the week which resulted in his death. Funeral services were held Friday afternoon and interment at Somerset cemetery. Mr. Baker was about 69 years of age and leaves several children.

Frank Lewis, aged 55, proprietor of the general store at Rushville, died at his home there Friday. Funeral services were held Sunday afternoon. Mr. Lewis was well known to the people throughout this vicinity.

Marion Lones has sold his woods to Zink and Ruffner and woodsmen are laying the timber low and which is being saved into various kinds of building material.

Mrs. Letha Williams dislocated her right shoulder Thursday while driving some hogs from the cornfield. The accident was the result of a fall. Dr. Lerah of Pleasantville was called and gave her attention.

I'm making money selling mice, said the bald-headed man.
What do you sell 'em to?
A professor of music on the next block.
What in the world does he want mice for?
Why, he uses them for trying the voices of the young ladies.—Yonkers Statesman.
